

### REF.: Linear Transporter News

Dear Valued Customers,

We have successfully established our SERVICE with Control Imagineering in North Vernon, IN.

For any inconvenience on our way there in the past 4 months, we would like to apologize and thank you for your patience and understanding!

Control  
founded a new  
Transporters only,  
and will be  
repairs, shipment  
and sales

Imagineering internally  
company for the Linear  
which is **CII Automation**,  
available for your calls about  
of parts, technical questions  
information.

*Please contact  
812-392-2986 for  
related questions.*

We will help you with questions about shipping and itineraries. She can be reached under the same phone number.

*ANGIE BOWLING under 1-  
any technical and service*

Mike Shelton can answer any sales related questions. He is also managing the different Representatives and Distributors in the US, Canada and Mexico. Please call him under 1-615-483-6955.

GSW is certainly available for any questions and concerns as well, and – as the owner of the product – eager to improve set-up and performance of the Linear Transporters with you!

Best regards,

*Benjamin Schwabe, Mgr.*  
**GSW Press Automation**
